

Welcome back to the Mahoning Valley Lifelong Learning Institute! The fall semester is quickly approaching, and we welcome you to our new location at Ohio Living Lake Vista, in beautiful Cortland, Ohio.

We are planning a robust future for the Institute. In the long-term, we plan to offer increased mobile programming. Classes and tours will be scheduled at various places of interest throughout the Mahoning Valley for hands-on learning, accommodation of larger groups, and more centrally-located experiences.

In the short-term, due to the ongoing challenges posed by COVID-19, classes for the fall semester will be held at the Ohio Living Lake Vista clubhouse. Our collective focus is the health, safety, and welfare of our attendees. We have temporarily scaled back attendance and put rigorous safety precautions in place for your protection, as recommended by the Centers for Disease Control and Prevention (CDC):

- Masks must be worn at all times.
- The room and chairs will be thoroughly disinfected before and after each program.
- Hand sanitizer will be available.
- Attendees will be screened (with temperatures taken) upon entry.
- Classes are limited to 10 attendees each for social distancing.

The enclosed Fall course schedule includes 24 stimulating classes. We are especially pleased to announce the lineup includes content from our new Harris STEM Lecture Series Endowment, generously donated by the late Jaye Harris. This donation furthers our programming options in Science, Technology, Engineering and Math.

Our focus remains on providing active aging opportunities for people who love to learn, discuss and grow. We continue our strong partnerships with Youngstown State University, The Public Library of Youngstown and Mahoning County, and the Mahoning Valley Historical Society.
